The Teacher as Teacher

- Builds positive relationships with each student.
- Identifies the developmental stage of each student.
- Recognises the differences among students to develop a knowledge of each student and modifies curriculum where required to meet individual needs.
- Provides explicit criteria about the quality of work that students are expected to produce.
- Builds students’ understanding of themselves as learners and thus enhances their capacity to learn.

Environment
- Establishes effective, safe classroom procedures.
- Promotes mutual respect and understanding to make risk-taking possible.
- Models language and establishes behaviours that build positive relationships.

Quality Learning
- Communicates high expectations of programs to all students.
- Provides learning experiences that challenge each student.
- Provides explicit guidelines and criteria about work requirements as well as support and processes available to students to meet expected standards.
- Provides effective and informative feedback to both classroom work and formal/informal assessment.

Significance
- Allows opportunities for connections to be made between studies and ‘real-life situations’.
- Promotes connections across areas of studies.
- Support the overall development of students in all aspects of the diversity of school life.
