Information provided in this booklet is believed to be correct at the time of printing. However, several factors can affect whether a course will run and whether the costs listed are accurate. These include: sufficient student numbers, unforeseen costs and if a school is approved to deliver by a Registered Training Organisation.
Frequently Asked Questions

What is VET?
Vocational Education and Training is industry specific and nationally recognised training that can be undertaken while a student is still at school.

What are ISCA Schools?
ISCA is the Inner South Curriculum Alliance and comprises the ten DECD schools listed on the back page of this booklet. The courses offered here are designed to meet the training needs of the students within the Alliance. Students still have access to a range of VET courses from other clusters, TAFE and private Registered Training organisations. Please see your school’s VET Coordinator for more information.

Can VET Count toward SACE?
VET Programs are recognised within the SACE, providing credits toward the completion of Stage 1 and/or Stage 2. Please see your school’s VET Coordinator for more information.

What are the benefits of choosing VET?
- Gaining a nationally recognised qualification whilst completing your SACE
- Getting a head start in your chosen career
- Providing opportunities to learn on-the-job through workplace learning
- Gaining the skills and knowledge that employers are looking for
- Providing pathways to apprenticeships, traineeships, further training or direct employment.

How do I apply for a Regional VET Program?
Step 1: Choose the course from this booklet that you are interested in applying for
Step 2: See your school’s VET Coordinator for a copy of the application form
Step 3: Complete and sign the application form, making sure to carefully read your rights and responsibilities, and return to your VET Coordinator.
Step 4: You will be advised of the outcome of your application during Term 4. Please note that some courses may require you to attend an interview or information session.
How much will it cost me?
Course costs vary. Your VET Coordinator will provide you with exact costing during the course counselling process.

How will I get there?
All students are required to arrange their own transport to VET Courses and Work Experience.

Will I need to do Work Experience as part of my VET Course?
Some VET Programs require students to complete Work Experience as part of their training in a real or simulated work environment. These placements provide valuable training and mentoring to develop your technical and employability skills.

What SACE subjects fit with my VET Program?
A SACE subject highly recommended for VET students is Stage 1 and 2 Workplace Practices. Students who gain the most from this subject are usually involved in a VET program, part time work, apprenticeships or traineeships, volunteering or community work. The course content of Workplace Practices compliments and adds value to what you are learning in your training or other work.

How will my VET Course impact on University and TAFE entry?
Some fully completed VET Courses, at Certificate III level or above, can contribute to your Australian Tertiary Admissions Rank (ATAR). TAFE SA recognises SACE completion as meeting the entry requirements for most of its courses. It also considers a variety of other qualifications (including VET) and experiences in its entry selection processes.

For more information on University or TAFE entry, please see your school’s VET/SACE Coordinator.

Will doing a VET Course affect my other subjects?
You may miss lessons for other subjects whilst attending your VET program and work experience. You will need to be well organised and work closely with your subject teachers and VET Coordinator to ensure this impact is minimised.
School Based Apprenticeships

A School Based Apprenticeship (SBA) is a great way to start your career while completing your SACE. SBAs enable students from years 10 - 12 to combine paid work, training and school, while working towards both the SACE and a nationally recognised qualification. Students undertaking an SBA commence work under a Contract of Training which is facilitated by the Trade School Apprenticeship Brokers.

Before commencing an SBA, it is recommended that you have participated in a VET program. This demonstrates to any potential employers your genuine interest in the area and that you have already learnt a variety of job specific skills.

Some benefits of undertaking a School Based Apprenticeship are:

- Earning money whilst still at school
- Working towards or gaining a nationally recognised qualification
- Gaining hands-on experience in your chosen career
- Earning SACE credits as part of your training, and completing your SACE
- Starting your career whilst still at school

Our Apprenticeship Brokers work with students from each of our Inner South schools and help to: prepare students for employment, connect students with potential employers and complete the Apprenticeship sign-up process.

Training Guarantee for SACE Students (TGSS - Skills for All)

Are you a young person who knows what vocational pathway you want to do beyond school and have already done some VET at school?
You may be eligible for a funded training pathway!
The Training Guarantee for SACE Students scheme can help put students on a rewarding vocational career and jobs pathway.
The scheme enables selected SACE students to undertake VET training at an approved Registered Training Organisation (RTO) in qualifications prescribed by the Department of Further Education, Employment, Science and Technology (DFEEST) and guarantees them a place to finish the qualification they have started after completing their SACE.
The prescribed training will be subsidised by DFEEST and will significantly reduce the costs of training for young people. Training at Certificate II level is fully funded by DFEEST so there will be no tuition fees for students. Certificate III training is up to 80% funded.

To be eligible the student must:
• be 16 years of age or older and be undertaking SACE
• have undertaken a substantial amount of VET as part of their SACE
• participate in relevant work placement - at least 140 hours
• plan to transition to an RTO in the year after finishing SACE to complete the Certificate III (or higher)
• be clearly intending to pursue a vocational career related to the qualification.

The school must:
• screen, select and counsel students
• prepare and maintain a formal Education and Training Plan (ETP) that is co-signed by the student, parent/guardian, principal and the selected RTO
• organise and monitor relevant work placements.

If you are interested in this opportunity, visit www.skills.sa.gov.au and speak to your VET Coordinator.

For more information, please contact our Industry Skills Manager:
Peter Leolkes: peter.leolkes632@schools.sa.edu.au
Certificate I in **Agrifood Operations**

**Registered Training Organisation**: TAFE SA (Code: 40161)

**Delivery Site**: Urrbrae Agricultural High School

**Qualification Title**: Certificate I in Agrifood Operations (FULL)

**Qualification Code**: AHC10210

**Number of SACE Credits**: 10

Course Description
The course can be studied online through the Thebarton Moodle. However, in order to build a supportive IT environment, a face-to-face orientation session will be held at the start of the course.

The Computer Support course requires students to demonstrate their ability to set up hardware and install and customise software as well as troubleshoot problems. A practical test session will be held at the College so that this can take place under supervision and with the required equipment available.

Interactivity between students through Moodle or face-to-face sessions as required. Online video links such as Facetime, Skype may be used.

Commencement Date: Week 1, Term 1
Length of Course: 2 semesters
Exit point: End of year
Day & Time: All work online and 2 practical sessions.
Work Experience: Not required.
Special Requirements: Access to Computer (Windows operating system is assumed for Computer Support), internet access, email address, scanner and camera. The following software is required: Microsoft Office – version 2010 or later, Adobe Photoshop CS 5.1 or later, Audacity or similar - free trial downloads are available.

Pre-Requisites: A sound understanding of IT and ability to work online.
Further Education: IT pathways such as Certificate III or Certificate IV.
Pathway: Specialist IT employment. See: www.skills.sa.gov.au
Certificate II and III in Information, Digital Media and Technology

**Course Description**

The course is a comprehensive package aimed at students wanting to develop skills and knowledge related to the games, film and multimedia industries. It has been developed in consultation with Adelaide’s leading animation companies and has regular industry professional course input and contact. Students will learn a range of animation styles and techniques using industry standard 2D and 3D software. Students will also learn the production process; how to design characters, create sound tracks and present their work to meet an industry brief.

The course can contribute to the majority of Stage 2 SACE credits and is suitable for students with a strong interest and drive to build a pathway into the animation, games, film, special FX and multimedia industries.

**Commencement Date**  
Week 2, Term 1 (Tuesday, February 3 and Thursday, February 5)

**Length of Course**  
1 year, 2 days per week (Tuesdays and Thursdays)

**Exit point**  
Depends on how many competencies are gained.

**Course Description**

By completing this 2 year - full certificate course, (or 1 year partial certificate) students will have the opportunity to accrue either part or all of the Certificate III in Technical Production qualification.

This course is suitable for students seeking extensive knowledge in manipulating audio using industry standard Digital Audio Workstation recording and editing software for all audio requirements – including music tracks, gaming audio and movie making soundtracks and effects. Students learn to set up and use portable address systems (PAs) and control digital and analogue mixing desks. Students learn to apply an extensive array of industry standard microphones to a variety of live and studio recording applications. Certificate completion can be used towards an ATAR score.

**Commencement Date**  
Week 2, Term 1 (Tuesday, February 3)

**Length of Course**  
2 years

**Exit point**  
Statement of attainment after successful completion of the first year.

**Day & Time**  
Tuesday 1.30pm to 4.30pm

**Work Experience**  
Highly recommended but not essential.

**Special Requirements**  
Students will be interviewed and auditioned to ascertain music experience and prior music knowledge.

**Pre-Requisites**  
Students should have approximately 2 to 3 years of school music experience and be able to sing or play an instrument competently. Regular access to recording software is an advantage.

**Further Education Pathway**  
TAFE and University music related courses.

**Career Pathway**  
Employment opportunities in film, television, radio, theatre, recording studios and live music industry pathways.
Certificate III in **Technical Production** - Theatre, Live, Studio and Electronic

**Registered Training Organisation**  Australian College of the Arts Pty Ltd (Code: 0109)

**Delivery Site**  Brighton Secondary School

**Qualification Title**  Certificate III in Technical Production (FULL)

**Qualification Code**  CUS30209

**Number of SACE Credits**  Up to 40 at Stage 2

**Work Experience**  
20 days in total is required.

**Special Requirements**  
Students may be required to attend an interview with the Trainer in order to demonstrate their interest and eligibility.

**Pre-Requisites**  
Successful completion of Certificate I in Construction – Doorways 2 Construction. Students must be studying SACE Stage 1 or 2.

**Further Education Pathway**  
Apprenticeship or higher level Certificate IV training ie. Business Management in Construction.

**Career Pathway**  
Successful completion of this course may assist students in gaining employment within the Building, Construction and Technology Industries. For more information please see: [www.skills.sa.gov.au](http://www.skills.sa.gov.au)
**Doorways 2 Construction - Plumbing**

**Registered Training Organisation**  
Plumbing Industry Association of South Australia  
(Code: 40070)

**Delivery Site**  
Unley High School

**Qualification Title**  
Certificate I in Construction (FULL)

**Qualification Code**  
CPC10111

**Number of SACE Credits**  
Up to 40 at Stage 1

**Course Description**

This qualification will focus on the introductory skills a Plumbing Apprentice would require. It has been designed by the Plumbing Industry Association of South Australia and is offered in conjunction with Unley High School. Students will learn skills that have industry relevance and will also undertake their ‘White Card’ as part of the course.

**Commencement Date**  
Week 2, Term 1 (Thursday, February 5) & Week 9, Term 2 (Thursday, June 25)

**Length of Course**  
1 Semester

**Day & Time**  
Thursday 8.30am to 4.00pm

**Work Experience**  
Required. 2 weeks.

**Special Requirements**  
Students will be required to wear correct safety equipment, including steel capped boots, long pants and Hi-vis shirt.

**Pre-Requisites**  
Students must be interested in pursuing a career in the Plumbing Industry.

**Further Education Pathway**  
Successful completion of this course will allow students to apply for the full year Doorways 2 Construction Plumbing Plus course the following year.

**Career Pathway**  
Successful completion of this course may lead to a school based apprenticeship or full time apprenticeship within the Plumbing Industry.
**Doorways 2 Construction - Plumbing Plus**

**Registered Training Organisation**  Plumbing Industry Association of South Australia (Code: 40070)

**Delivery Site**  Unley High School

**Qualification Title**  Certificate III in Roof Plumbing (PARTIAL)

**Qualification Code**  CPC32612

**Number of SACE Credits**  Up to 30 at Stage 2

**Course Fees:**  $750

**Additional Costs:**  $200 materials fee

**Total:**  $950

**Course Description**

This course is a continuation of Certificate I in Plumbing. The course has been developed in conjunction with the Plumbing Industry Association of South Australia and aims to provide an entry point for students wishing to gain an apprenticeship. The course comprises classroom based study and workshop and outdoor practical activities. This course has a strong emphasis on safety and will give students the necessary skills and knowledge to apply for apprenticeships.

**Commencement Date**  Week 2, Term 1 (Tuesday, February 3)

**Length of Course**  1 year

**Day & Time**  Tuesday 8.30am to 4.00pm

**Work Experience**  Yes – 3 weeks

**Special Requirements**  Students will be required to wear correct safety equipment, including steel capped boots, long pants and Hi-vis shirt.

**Pre-Requisites**  Students must be interested in pursuing a career in the Plumbing Industry and have successfully completed Doorways 2 Construction - Plumbing.

**Further Education Pathway**  Students can apply to TAFE to continue Full time Pre Voc Course.

**Career Pathway**  Successful completion of this course may lead to a school based apprenticeship or full time apprenticeship within the Plumbing Industry. For more information please see: [www.skills.sa.gov.au](http://www.skills.sa.gov.au)
Certificate II in Electronics

Registered Training Organisation: TAFE SA (Code: 40161)
Delivery Site: Blackwood High School
Qualification Title: Certificate II in Electronics (PARTIAL)
Qualification Code: UEE21911
Number of SACE Credits: Up to 35 at Stage 2

Course Description
This Industry Pathways Program has been designed to allow students an opportunity to experience the training and work necessary to succeed in the Electrotechnology Industry. Units of Competency have been chosen in consultation with Registered Training Providers to allow students wishing to continue their studies the most appropriate pathway into a Pre-Vocational Course. Students will be learning in a custom built Electronics laboratory and computer suite and will be assessed against industry standards.

Commencement Date: Week 2, Term 1 (Thursday, February 5)
Length of Course: 1 year
Day & Time: Thursday 8.40am to 3.10pm
Work Experience: Not compulsory but recommended.
Special Requirements: Students will be required to attend an interview in Term 4 to assess suitability.
Pre-Requisites: Students must be in either SACE Stage 1 or 2 in order to enrol in this course.
Career Pathway: This course is designed for students considering a career in Electrotechnology or the Electrical trades. For more information please see: www.skills.sa.gov.au
Certificate II in **Engineering** - Metal Trade Skills

**Registered Training Organisation**  
TAFE SA Northern (Code: 40161)

**Delivery Site**  
Thebarton Senior College

**Qualification Title**  
Certificate II in Engineering – Skill Set (PARTIAL)

**Qualification Code**

</tr>
</tbody>
</table>

**Course Description**

This is an entry level, general skill set, designed to appeal to students wishing to pursue a career in metal trades, manufacturing and related industries, including mining and infrastructure. Workplace Health and Safety will be a major focus of all work undertaken. Students will use a wide range of metal engineering equipment in a modern, well equipped workshop environment. This will include horizontal bandsaws, cropping and punching machines, drilling machines, grinders, metal turning lathes, universal mills and associated hand and power tools. Students will also gain a working knowledge of a range of engineering materials and processes including oxy-acetylene cutting and machining threads, along with oxy-acetylene welding, MMAW (arc) and GMAW (mig) welding of mild steel.

**Commencement Date**  
Week 2, Term 1 (Tuesday, February 3)

**Length of Course**  
1 year, students may enter in Term 3

**Day & Time**  
Tuesday 8.40am to 3.15pm

**Work Experience**  
A minimum of 10 days of work placement is required.

**Special Requirements**  
Students must provide safety footwear.

**Pre-Requisites**  
It is preferred that students have had some experience in a Design and Technology course at Year 10 level or beyond. An interest in practical work and hand skills.

**Further Education Pathway**  
Possible apprenticeship or employment in the metals, engineering, manufacturing, toolmaking and related industries, including mining trades.

**Career Pathway**  
For more information please see: [www.skills.sa.gov.au](http://www.skills.sa.gov.au)
Certificate III in Engineering - Fabrication

Registered Training Organisation: Training Prospects (Code: 40053)
Delivery Site: Urrbrae Agricultural High School
Qualification Title: Certificate III in Engineering – Fabrication (PARTIAL)
Qualification Code: MEM30305
Number of SACE Credits: Up to 30 at Stage 1 and up to 30 at Stage 2

<table>

</tbody>
</table>

Course Description
This course is for students wishing to pursue a career in the Metals and Engineering trades or related industries. Students will develop competencies in the Metal workshops using a range of hand tools, portable power tools and industrial machines. The emphasis will include metal machining, lathe and milling machines, modern welding techniques and fabrication techniques. Students will be exposed to computer numerical control (CNC) machinery and reinforce the skills learnt by doing structured work placement. It is a practical based course with regular theory topics.

Commencement Date: Week 2, Term 1 (Wednesday, February 4)
Length of Course: 2 years
Exit point: Certificate II (partial) after year 1
Day & Time: Year 1, Wednesday 11.00am to 5.00pm and Year 2, Tuesday 1.00pm to 6.00pm
Work Experience: 4 weeks in total is required.
Special Requirements: Students will need to complete a written application and undertake an interview prior to acceptance in this course. Students will supply their own Personal Protective Equipment.
Pre-Requisites: It is recommended that students have workshop experience in a Design and Technology course at Year 10 level. Sound literacy and numeracy skills are essential.
Further Education Pathway: Students who gain an apprenticeship may complete their trade Certificate III level qualification.
Career Pathway: Students may be suitable for an Apprenticeship or employment within the Metals, Engineering, Manufacturing and associated Industries. For more information please see: www.skills.sa.gov.au
Aviation SACE Stage 2

Registered Training Organisation: Not Applicable
Delivery Site: Australian Science and Mathematics School
Qualification Title: SACE Stage 2 Scientific Studies
Qualification Code: Not Applicable
Number of SACE Credits: 20 at Stage 2

<table>

</tbody>
</table>

Course Description

This Industry Pathways Program has been designed to offer students a viable pathway to a career in aviation. Although not incorporating VET units of competency, Aviation focuses on the skills and knowledge necessary to begin a career in this industry.

The Australian Science and Mathematics School has state of the art equipment including an industry standard multi-functional Synthetic Flight Simulator.

The program is a rich and powerful mix of Mathematics, Physics, Physiology, Meteorology, Geography, Psychology and Literacy. Students will be provided with ample opportunities to critically approach and analyse issues for investigations, conventional learning and to complement these with research and practical activities.

Commencement Date: Week 2, Term 1 (Wednesday, February 4)
Length of Course: 1 year
Day & Time: Wednesday 2.00pm to 6.00pm
Work Experience: Not compulsory but recommended.
Special Requirements: Students will be required to attend an information session in Term 4 and undertake an interview.
Pre-Requisites: Students must have passing grades in Stage 1 Mathematics and Physics. Stage 1 students may be considered if their Year 10 grades are at a high standard.
Career Pathway: This course is designed for students considering a career in Aviation. For more information please see: www.skills.sa.gov.au
Certificate II in Tourism

Registered Training Organisation: Hamilton Secondary College (Code: 0561)
Delivery Site: Hamilton Secondary College
Qualification Title: Certificate II in Tourism (FULL)
Qualification Code: SIT20112
Number of SACE Credits: Up to 40 at Stage 1

<table>
<thead>
<tr>
<th>ISCA Schools</th>
</tr>
</thead>
<tbody>
<tr>
<td>Course Fees: $600</td>
</tr>
<tr>
<td>Additional Costs: Nil</td>
</tr>
<tr>

</tbody>
</table>

Course Description

This qualification provides the skills and knowledge for an individual to be competent in a defined range of basic tourism technical skills. Work could be undertaken in an office environment where the planning of tourism products and services takes place, in the field where tourism products are delivered or a combination of both. The field includes any destination, local or regional area, tourist precinct, attraction or onboard form of transportation. The qualification reflects the role of individuals, who perform a range of mainly routine tasks, using limited practical skills and fundamental operational knowledge in a defined context.

Commencement Date: Week 2, Term 1 (Thursday, February 5)
Length of Course: 1 year
Exit point: Depends on how many competencies are gained.
Day & Time: Thursday 9.00am to 3.15pm
Work Experience: 5 days
Special Requirements: Attend an interview.
Pre-Requisites: Students should have a genuine interest in developing skills and knowledge related to working in the Tourism industry.
Further Education Pathway: Certificate III in Travel
Career Pathway: Travel Agent, Tourism Operator, Tourism Retail Sales Agent.
Certificate III in Travel

Registered Training Organisation: Hamilton Secondary College (Code: 0561)
Delivery Site: Hamilton Secondary College
Qualification Title: Certificate III in Travel (FULL)
Qualification Code: SIT31312
Number of SACE Credits: Up to 70 at Stage 2 (Certificate II is a pre-requisite and some units are the same so cannot count twice) and 25 at Stage 1.

<table>

<tr>
<td>Total:</td>
</tr>
</tbody>
</table>

Course Description
This qualification is designed to build on core skills and knowledge in the Tourism industry gained in Certificate II in Tourism. The course uses AFTA study materials and students complete the national ATPP examinations for each competency. Students will need to set aside time for extra independent study. Examination re-sits will not incur an extra fee.

Commencement Date: Week 2, Term 1 (Tuesday, February 3 Certificate III and Thursday, February 5 Certificate II)
Length of Course: Full year 2 days per week for both certificates or Thursdays for Certificate II
Exit point: Depends on how many competencies are gained.
Day & Time: Tuesday and Thursday 9.00am to 3.15pm
Work Experience: 10 days
Special Requirements: Attend an interview.
Pre-Requisites: Students must also enrol concurrently in or have completed Certificate II in Tourism. Students should have a genuine interest in developing skills and knowledge related to working in the Travel industry.

Further Education Pathway: Certificate IV in Tourism
Career Pathway: Travel Agent, Tourism Operator, Tourism Retail Sales Agent.
Certificate II in **Kitchen Operations**

| Registered Training Organisation | Hamilton Secondary College (Code: 0561) |
| Delivery Site                   | Hamilton Secondary College             |
| Qualification Title            | Certificate II in Kitchen Operations (FULL) |
| Qualification Code             | SIT20312                                |
| Number of SACE Credits         | Up to 40 at Stage 1                    |

**Course Fees:** $700  
**Additional Costs:** Nil  
**Total:** $700

**Course Description**

The course is designed to give students an insight into aspects of the Hospitality industry, some experiences in formal training and work placement. Topics cover both practical and theoretical aspects of working in the Hospitality industry. This qualification provides the skills and knowledge for an individual to be competent in a range of kitchen functions and activities that require the application of a limited range of practical skills in a defined context.

**Commencement Date**  
Week 2, Term 1 (Thursday, February 5)

**Length of Course**  
2 semesters

**Exit point**  
Depends on how many competencies are gained.

**Day & Time**  
Thursday 9.00am to 3.15pm

**Work Experience**  
10 days (group work placement at SAJC and individual work placement)

**Special Requirements**  
Attend an interview.

**Pre-Requisites**  
Students should have a genuine interest in working in the Hospitality industry and cooking. Students will be issued with a Chef’s uniform they are expected to wear.

**Further Education Pathway**  

**Career Pathway**  
Kitchen Hand, Short Order Cook, Apprentice Chef.
