

**BRIGHTON
SECONDARY SCHOOL**

STUDENT DEVICES

DIGITAL DEVICES & LEARNING

Empowering our students to engage authentically in their learning requires access to and use of appropriate and relevant technology and online tools.

At Brighton Secondary School we are committed to developing digital citizens who can apply digital skills in flexible and dynamic ways. This includes being able to maximise technology and digital platforms to build their learning and to create new content for a range of purposes.

In 2022, we are moving to new devices which support the flexible learning required in contemporary and innovated education.

Students in the Middle School from 2022 will be learning with a windows device.

MIDDLE SCHOOL

- Students will use this device for all of their time in the Middle School, upgrading to a more powerful version when entering the Senior School.
- These devices will allow for an increased depth of teaching and learning.
- The 'laptop mode' will give Middle School students an increased opportunity to learn valuable ICT skills.
- The 'tablet mode' will give students a range of new creative tools, including using the stylus and touchscreen.

DEVICES WILL BE PURCHASED THROUGH THE SCHOOL

Purchasing through the school:

- Is cost effective, as you will benefit from SA Government buying power.
- Is easy, since we can offer a competitive price without you needing to shop around.
- Makes servicing and warranty claims easier, as we will manage them for you.

DEVICE SPECIFICATIONS

Processor	Ryzen 5
Operating System	Windows 10 Home 64
Webcam & Mic	Integrated 5MP Webcam Second world facing Webcam with Mic
Pen	Yes
Screen	13.3 inch
Memory	8GB
