DIGITAL DEVICES & LEARNING

Empowering our students to engage authentically in their learning requires access to and use of appropriate and relevant technology.

At Brighton Secondary School we are committed to developing digital citizens who can apply digital skills in flexible and dynamic ways. This includes being able to maximise technology and digital platforms to build their learning and to create new content for a range of purposes.

In 2022, we are beginning the roll out of new Windows devices, which support the flexible learning required in contemporary and innovative education. Years 7, 8 and 10 will purchase a Windows device in 2022 through the school, with other year levels using their existing devices.

By the year 2024, all students will have purchased a Windows device, as follows:

Year	Year level using Windows device
2022	7, 8, 10
2023	7, 8, 9, 10, 11
2024	All year levels

Purchasing through the school:

- Is cost effective, as you will benefit from SA Government buying power.
- Is easy, since we can offer a competitive price without you needing to shop around.
- Makes servicing and warranty claims easier, as we will manage them for you.

The cost of the device to parents for years 7 and 8 students is approximately \$1,100.00 and year 10 is \$1,320.00 (inc GST), (excluding 'accidental damage' cover). Pricing and specifications current as of February 2021. The school highly recommends families to purchase 3 year accidental damage cover from your insurer of choice.

Families will sign a 'Commitment to Pay' form prior to receiving the device at the beginning of 2022. Payment plan options will be available if required. Devices remain the property of Brighton Secondary School, until payments are made in full.
