

Brighton Secondary School

bullying prevention policy and plan

Last updated: June 2025

Our values

Our school's vision is to inspire and empower young people to be curious, resilient and successful partners in learning within an inclusive and innovative learning community. Our values of ambition, success, perseverance, integrity, respect and empathy underpin our work, especially related to our Positive Behaviour for Learning approach. As part of this, we are committed to working together to keep our school community safe and focussed on learning.

Our vision

"Australian schools are learning communities that promote student wellbeing, safety and positive relationships so that students can reach their full potential."

(Australian Student Wellbeing Framework 2023)

All students have the right to feel safe, respected and included. Our learning communities are free from bullying and harassment.

Our school climate fosters healthy and respectful relationships. We will create this with our students, families and the broader community.

We will model behaviours that:

- demonstrate respect
- value diversity
- promote belonging and wellbeing.

Brighton Secondary School fosters a positive culture where bullying is not accepted. Everyone has the right to be respected by others, the right to learn or to teach, and a right to feel safe and secure in their school environment. Everyone has a responsibility to support others whilst respecting themselves. The school seeks to educate its community to accept, embrace and learn from people of different genders, sexualities and different ethnic and cultural backgrounds.

Our approach to bullying prevention

At Brighton Secondary School we will plan, implement and review our bullying prevention strategies. We will do this with our Governing Council, staff, students, families and local community.

Promote

We will model and promote positive behaviour.

Our actions

- Create a welcoming and inclusive school.
- Make sure staff understand their role to create a safe school.
- Establish behaviour expectations aligned to our school values and a Positive Behaviour for Learning approach.
- Display behaviour expectations in all learning spaces.

- Encourage and allow time for teachers to develop positive and trusting relationships with students so they feel safe to raise concerns.
- Use consistent language among staff, students, parents and carers that encourages positive behaviours and social interactions.
- Set up a physical school environment that encourages positive social interactions.
- Create a culture where students feel safe to raise concerns and report bullying.

Teach

We will explicitly teach respectful behaviours and expectations about bullying in the classroom.

Our actions

- Build staff skills to respond well to bullying.
- Teach about bullying in all year levels. Include how to prevent, identify, respond to and report bullying and cyberbullying.
- Teach students about what bullying is, and what it isn't.
- Explicitly teach positive behaviour and social and emotional skills through an age-appropriate Home Group program.
- Support students' understanding of healthy relationships, both in person and online.
- Use teachable moments when a bullying issue happens to teach about respectful and appropriate behaviours.

Intervene

We will intervene in specific incidents of bullying or observed bullying behaviour.

Our actions

- Take bullying seriously. Respond to reports of bullying or observed bullying behaviours.
- Use fair and consistent responses to bullying or suspected bullying.
- Document all bullying incidents.
- Check in with students while bullying incidents are being resolved.
- Monitor the wellbeing of students who have been impacted by bullying.
- Ensure clear communication with all parties when bullying incidents arise.

Work with others

We will work with families, service providers and the community to address bullying.

Our actions

- Work with the Governing Council, site leadership, department staff and the local community to design local strategies to prevent and reduce bullying.
- Encourage parents and carers to take part in activities that promote safety and wellbeing
- Share information with parents and carers about bullying, including how to recognise it and what to do when their child is involved in or impacted by bullying.
- Communicate with families of young people involved in a timely manner when a bullying incident happens.
- Connect students who have been involved in bullying incidents to appropriate on or off-site support.

Respond

We will provide visible and consistent responses to bullying that foster trust and confidence in the school community.

Our actions

- Share information on how to prevent and respond to bullying and cyberbullying.

- Review our strategies and actions to prevent and respond to bullying. We will make sure that student needs are being met.
- Set up safe ways for students to report bullying and let students know how to do this.
- Make information about the complaints resolution process available.
- Work with students involved in bullying incidents to understand the situation and determine an appropriate response.
- Use a restorative practice approach to respond to incidents when safe and appropriate.

Repair and restore relationships

We will repair and restore relationships that have been harmed by bullying.

Our actions

- Develop solutions to bullying incidents with students, staff, parents and caregivers.
- Support all students who experience bullying, engage in bullying behaviour, or witness bullying.
- Provide opportunities to repair and restore relationships when bullying incidents have occurred.

Create safety and wellbeing

We will establish safety and wellbeing.

Our actions

- Take action against discrimination, harassment and violence. Report criminal actions to South Australia Police.
- Provide targeted social and emotional support for students who need more help after bullying incidents.
- Develop and share a plan for return to school, including safe spaces, trusted adults and ways to access support.
- Communicate with teachers about how to provide support for students who have been involved in bullying incidents.

How bullying is reported and resolved

We will work with students, parents and caregivers to resolve bullying issues. If needed, we will get advice, counselling and support from internal and external services.

All reports of bullying will be taken seriously. Responses will be planned and quick. The principal or leadership team will immediately respond to life threatening, significant harm or criminal behaviour issues. We will refer criminal actions to South Australia Police.

Our responses will restore the safe and positive learning environment.

Report bullying

You can report bullying to:

- Home group teacher
- Subject teachers
- Year Level Leaders
- Wellbeing for Learning Leaders
- Another trusted adult

You can report bullying incidents by:

- Speaking to someone in person
- Email

- Phone call
- Submitting a Wellbeing Referral on the BSS Portal (students only)

Give us as much information as possible. This might include:

- who was involved, including who engaged in the bullying behaviour, who the behaviour was directed at and witnesses
- when the incident happened
- where the incident took place, for example social media
- the behaviour
- if anyone stopped or tried to stop the behaviour
- what led up to the incident
- what happened after the incident.

Gather and document information

Staff might speak about the incident with:

- students
- parents or carers
- other staff
- any other witness or person involved.

Intervention and support

Staff will see if the incident:

- meets the definition of bullying
- pose an immediate risk to student or staff safety.

If there is no immediate risk, staff might use the following strategies with students directly involved:

- restorative practices, including an apology
- Method of Shared Concern or Support Group Method of intervention
- parent or carer meeting
- school-based consequences
For example:
 - loss of privileges
 - given a learning task
 - use of reflection space or class
 - limited areas for play or activities or extra yard supervision
- suspension and exclusion.

Refer to services

Refer students to specialist support, if needed. This might be from the Department for Education or external services. Options will be discussed with students and their families.

Document and record

All incidents of bullying and responses will be documented and stored in line with Department for Education records management procedures. A record of an incident might go in a student's file. Incidents can be recorded in our electronic databases. For example EDSAS, EMS, Day Map or the department's incident management system.

Monitor and follow up

Staff will check on all students involved in a bullying incident. They will make sure all students are safe and relationships are repaired. They will talk with students, parents and carers about the actions taken. They will check if these actions have helped.

If a student, parent or carer are not happy with the steps taken by the school, they can call the department's complaints management line on 1800 677 435.

Definitions

Bullying

A national definition of bullying has been endorsed by the Education Council.

Bullying is an ongoing and deliberate misuse of power in relationships through repeated verbal, physical and/or social behaviour that intends to cause physical, social and/or psychological harm. It can involve an individual or a group misusing their power, or perceived power, over one or more persons who feel unable to stop it from happening.

Bullying can happen in person or online, via various digital platforms and devices and it can be obvious (overt) or hidden (covert). Bullying behaviour is repeated, or has the potential to be repeated, over time (for example, through sharing of digital records).

Bullying of any form or for any reason can have immediate, medium and long-term effects on those involved, including bystanders.

Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying.

Bullying has three main features

It involves a misuse of power in a relationship

Conflict or fights between equals are not defined as bullying. Bullying occurs where there is a power imbalance. This might come from:

- the context. For example a number of children acting against one child
- personal characteristics. For example different physical, emotional or social development.

It is ongoing and repeated

One incident of misbehavior is generally not defined as bullying. Schools will still respond to all incidents of misbehavior.

One act by one person might be bullying if:

- the behaviour adds to a series of other people's behaviours that misuse power and result in harm
- it can be shared online or with technology to a wide audience, or repeated with multiple views.

It involves behaviours that can cause harm

Bullying can cause physical and psychological harm.

Physical harm can include injury. It can also include theft or damage to belongings.

Psychological harm can include:

- anxiety
- not wanting to go to school

- lack of interest in school
- isolation and depression.

Psychological harm can last some time. It will depend on a student's situation and the support available to them. Support might come from family, school and friends.

A fear of being bullied can create psychological harm.

Examples of types of bullying:

Physical: hitting, kicking, tripping, pinching, pushing or damaging or stealing belongings.

Verbal: verbal abuse, name calling, insults, taunting, intimidation, threats.

Social: social exclusion, lying, spreading rumours, unkind facial expressions or body language, mean and condescending looks, playing jokes to embarrass and humiliate, mimicking and damaging someone's reputation or social relationships.

Cyber: Cyberbullying is online bullying. It uses technology, including social media platforms. Verbal and social bullying can be cyberbullying when they occur online.

Cyberbullying includes:

- abusive texts and emails
- hurtful messages, videos and images, including images that have been changed
- sharing personal images and videos without consent
- pretending to be someone else online to be hurtful.

Harassment, discrimination and violence

Bullying, harassment, discrimination and violence all create or add to a negative environment. This can make students feel unsafe and unable to reach their full potential.

Harassment

Harassment is a behaviour that targets an individual or group. This can be due to their: identity, race, culture or ethnic origin; religion; physical characteristics; gender; sexual orientation; age; or ability.

It offends, humiliates, intimidates or creates an unsafe environment. It might be a pattern of behaviour or a single act. It might be directed randomly or at the same person. It might be on purpose or unintended.

Discrimination

Discrimination happens when people are treated differently to others. This can be because of their: identity, race, culture or ethnic origin; religion; physical characteristics; gender; sexual orientation; age; or ability. Discrimination interferes with people's right to fair treatment and equal opportunities.

Violence

Violence is the intentional use of physical force or power. It can be threatened or actual, against another person. It might result in psychological harm, injury or in some cases death. It might involve provoked or unprovoked acts. It can be one incident, a random act or can happen over time.

Bullying, harassment, discrimination and violence may be based on gender, race, sexuality, culture, religion, disability and care status. Bullying, harassment, discrimination and violence for any reason is not acceptable in South Australian public schools. It will be responded to.

Responses will depend on the:

- behaviours

- needs of the students
- rights of all students to be safely included in learning.

Roles and Responsibilities

We each have a role to play to:

- prevent bullying and harassment
- respond when it happens
- support those involved and affected by bullying.

The Australian Student Wellbeing Framework elements are leadership, inclusion, student voice, partnerships and support. They guide our practices and responses to prevent and reduce bullying in our school community.

School leaders and staff

- Model and promote positive behaviour. Value diversity, demonstrate respect, and include all students and their families.
- Provide and take part in professional development to build skills, knowledge and confidence about preventing bullying. Including how to recognise, respond and manage it.
- Assess bullying data and trends to develop prevention strategies. Do this with the Governing Council and school community.
- Collect data on bullying regularly. Use the data to plan how you will prevent and respond to bullying.
- Explicitly teach students about respectful relationships, bullying and cyberbullying. Teach them how to recognise bullying, what to do and how to get help.
- Work with students to come up with solutions to bullying. Include them in decisions that affect their safety and wellbeing.
- Support all students to be included, in particular students at higher risk of being bullied.
- Take action when bullying and cyberbullying has been reported. This includes incidents that happen out of school hours or off school grounds when it relates to school relationships.
- Report criminal matters to the South Australian Police.
- Help parents and carers to recognise bullying. Include information about what to do when their child is engaging in or affected by bullying.
- Work with families, service providers and the community to support students affected by bullying.
- Support students to repair and restore relationships that have been harmed by bullying.
- Have planned responses to bullying. Make them visible and consistent. Responses should foster trust and confidence.
- Help students to be physically and psychologically safe from bullying.

Parents, carers and families

- Model and promote safe, respectful and inclusive behaviours.
- Help their children to be safe online at home. This includes checking their children's use of technology and social media.
- Make sure their children know how to identify and report bullying. Work with the school to help their children be safe from bullying.
- Talk to their children about safety issues. This includes bullying and cyberbullying. Help them understand what it is, why it is harmful and how to respond. Use the same messages the school uses.
- Report concerns about bullying to school staff.
- If a bullying incident happens, work with the school.
- Support their children to go to school while a bullying issue is being worked on.

- Get external professional support for their child, if needed.

Students

- Model behaviours that are safe, respectful and inclusive, both face-to-face and online.
- Build skills, knowledge and confidence to recognise, respond to and manage bullying.
- Be a part of decision making to improve student safety and wellbeing.
- Take a stand when bullying is observed. Step in, if it's safe. Seek help from adults.
- Support friends and peers get help from trusted adults if they experience bullying.
- Support friends to behave in safe, respectful and inclusive ways if their friends engage in bullying.
