

# MEET OUR ABORIGINAL EDUCATION TEAM

## **Aboriginal Secondary Education & Transition Officer (ASETO)**

Niina Marni, my name is Makayla and I grew up on both Kurna and Ngarrindjeri Country. I am a proud Aboriginal woman; still on the journey to finding and connecting with my mob. I feel very grateful to be continuing my role at Brighton this year and to have the opportunity to work with students across all of our year levels (7-12). My role is all about supporting students with attendance, engagement, cultural connection and much more. I absolutely love my role and a highlight for me is the genuine connections I get to build over time with so many different students, families and people within our community.

## **Aboriginal Education Teacher - Year 7 and 12 Students**

Niina Marni, my name is Jordon Moffat. I was born and grew up on Kurna Country. I have spent time as an educator on both Barngarla Country and Kurna Country. This year I will be supporting Year 7 and 12 Aboriginal and Torres Strait Islander students. I am passionate about helping young people build strong relationships which will connect them with communities both inside and outside of their schooling. I look forward to meeting you all and working together in 2026!

## **Aboriginal Education Teacher - Year 8 and 9 Students**

Niina Marni, I'm Tayah! I was born on Kurna land and have always been lucky enough to call it my home. I have taught on both Kurna and Narungga Country, where these wonderful experiences have driven my passion for education, reconciliation and exploring diverse perspectives. 2026 will be my fourth year in the Aboriginal Education Team and I will be working with both Year 8s and Year 9s, supporting their learning and connection to school. I am super excited to continue my work with families to create a positive learning environment for our students.

## **Aboriginal Education Teacher - Year 10 and 11 Students**

Niina Marni, my name is Georgie Schapel, and Kurna country has always been my home. This is my 5th year teaching at Brighton, and 3rd year as part of the Aboriginal Education Team. I am passionate about supporting Aboriginal and Torres Strait Islander students at BSS to achieve their goals. My aim is to empower students to design a life they will love and I am excited to continue to foster an inclusive, supportive environment here at BSS and advocate for students so they can thrive.
